

TO MR. CARY

FROM: Don

DATE 6 August 1975

SUBJECT: Proposed Agency Response
to OMB on Their Request for
our Concurrence on the State
Department's Report on H.R. 1311

SUSPENSE DATE

NOTE: In late May we got a request with a 30-day deadline for our comments on State Department's report on H.R. 1311. The Agency was not asked by the committee for its views. I reported to George Gilbert from OMB by phone that we had some problems with the bill itself, but not the State Department response and that we would get our views on the bill to him. He phoned while I was on vacation to say they are holding up the State Department report until our comments are received, so would like this report right away.
